Meridian Partners International is a global network of market leading independent consulting firms. We are collectively focused on leadership talent optimization and acquisition to improve business results. We are strategic management consultants specializing in leadership assessment and development, team building, and executive search. We support clients in maximizing Human Capital performance as a key business improvement driver.

Meridian member firms are the choice for clients who view talent as an investment, not an expense. All our consultants share experience in key international management leadership roles across multiple industries. We combine our professional experience with detailed local market knowledge, business practices and cultures offering our clients “A” level leadership talent on a global basis. Our solutions are effective, transparent and tailored to meet individual client needs.

Our clients benefit from a unified global vision with hands-on service and a universe of resources that will develop and deliver the talent aligned for business success. Our global boutique strategy and integrated partnership allows our clients to get the best of both worlds ... focused, hands-on, relationship driven quality, and global reach.
